MT. ST. HELENS

VOLCANIC ERUPTION MAY 18, 1980

"Vancauver! Vancauver! This is it..." and that was the last any living person ever heard at geologist David Johnston. He was just one at 64 people who perished in the eruption of Washington's Mt. St. Helens an May 16, 1980. The blast, which was the first valcancic eruption to occur in 63 years in the continental United States, also claimed the lives at an estimated 2 millian animals, destroyed 140 miles of streams and 26 lakes, and threw the entite Nathwest into rurmali.

After the eruption, the area that had ance astaunded toutists for its beauty was left a borren, desolate wasteland. Ash blanketed the area far 200 square miles, creating a ghostily landscape that resembled the surface of the moon. Those living within the area were advised to stoy inside: schools and businesses were shut down, and the long job of digpling out of the ash began.

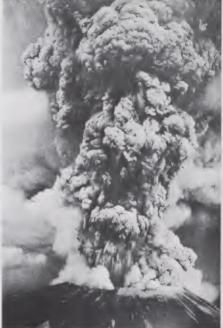

In the weeks and manths that fallawed mare eruptions occured, but nane matched the destructive facer at the May 18th blast. Gradually the Northwest, avercame the shock of the eruption, and learned to live with the valcano, which could go an spewing farth lava and ash far years.

Recently, the Alton High Compus hos gone through some changes designed to bring it up to modern day health and sofety standards. Some of the changes include the oddition of fire escopes, new doors, dropped cellings, side walls, and fire doors. In addition, the roof of the Olin Building was redone, and new plumbing ond electrical facilities were installed in the Moin. The job, which begon lost summer, is expected to cost oround \$2 million, and is pald for by local taxes. Though construction workers doing the job are locally hired, the mon in charge of the whole operation is John Bigogno, the superintendent of Kozeny - Wogner, Lnc., of Arnold, Missouri. Total repairs are expected to be completed by the end of this summer.

TIME OFF PGANIZATIO The 1979-80 sesson ended with Alton's Chess Team capturing second and third places in the two high school leagues in which it participates. The team took second place in the Metropoliton \$1. Louis Interscholastic Chess League, a league in which thirty area high schools participated: and third place in the Southwest Conference. The team's M.S.L.I.C.L. recard was 19-24, and its S.W. Conference record was 64-12.

The 1980-81 ream's current M.S.L.I.C.L. recard stands at 6-12, and earning a spat in the playaffs this year again seems highly probable. The S.W. Canference seasan has not yet begun, but the feam hapes to Imprave on its recard of last year.

This is the scene of the second Annual International Banquer Night or Altan Senior High School. You ask. "What is an International Banquer Night?" It is a social event for grades 9 through 12 — a gothering of the foreign language reachers, students, and their parents. Each student creates a mosterpiece, a food delicacy common to the foreign land he studies. One and all have the apportunity to taste each delictous dish.

Following the meal this year, the Schulplatines provided the entertainment. This group of German Clog Doncers, through folk dances, displayed various ospects of their German heritage. Although the dancers were light on their feet', many in the audience also displayed their dancing tolents as they participated in several of the dances. The event proved to be another enjoyable evening for everyone.

"FARM FEVER AT THE SADIE HAWKINS DANCE!"

Everyone came in their dancin' dungarees to the annual Sadie Hawkins Dance held on February 29, 1980.

The Activities Board chose the theme "Dogoatch U.S.A." along with the swinging band, Landy. To top off the excitement, the gals asked guys!!

The Girls comments ranged from "having sweaty palms" to being glad they took the initiative.

And of course, having roles reversed made it easier on the guys. Their comments were extremely positive. The thought it was "re-lieving" and a great "confidence booster" howing the glist take the initiative of asking the guys out.

As you can see, the Sadle Hawkins Dance was quite a success. So all you gals out there, its YOUR chance to make the move!!!

The 1980.81 Redbird Junior Varsity has fallen an some hard times this season. The Junior blids are looking for their first win of the season. There are a few reasons this years team has had problems, some of the younger players are performing for the varsity and the Juniors on the squad did not have a sophomore program last season. Even though the team is winless. Cook Baiter feels the season has been beneficial because a number of sophomores and a couple of freshman are giving some valuable experience. With experience this club is gaining. We are looking for bright moments in the future of the basket-ball programs.
